Quazi Naqibul Alam

Dhaka, Bangladesh | 01616075345 | naqibalam10@gmail.com| https://www.linkedin.com/in/naqib-alam-5b3489249/ | https://github.com/Naqib2003

Professional Summary

I am a MERN Stack Developer building personal projects. Along with my academics, I am into research works related to Machine Learning, Natural Language Processing, Large Language Models and Fine Tuning. I also work with Django, PyTorch, TensorFlow, Numpy, Matplotlib, Panda etc for my Machine Learning and Data Analytics Projects.

Education

BRAC University, Dhaka, Bangladesh

B.Sc. in Computer Science | Expected Graduation: April 2028

- Relevant Coursework: Data Structures, Algorithms, Database Systems, Machine Learning, Operating Systems, Software Engineering.

Technical Skills

Programming Languages: Java, Python, JavaScript, C, TypeScript.

Frameworks and Libraries: React, Node.js, Flask, PyTorch, scikit-learn, Django, TenserFlow, Express.js, REST API.

Databases: MySQL, PostgreSQL, MongoDB

Tools and Platforms: Git, GitHub, Docker, Linux, VS Code, PyCharm, Intellij, AWS.

Concepts: Data Structure & Algorithm, DataBase Management, LLM, NLP, Fine Tuning, Neural Networks, Operating Systems, Software Engineering, Computer Architecture, Artificial Intelligence, Computer Graphics, Parallel Processing.

Experience

Industrial & Marketing Research Intern | Auron Ventures, Mirpur, Dhaka| June 2026 - Aug 2026

- I researched about two imported products Security Bolt and MicroFibre Cloth where I made potential lead and overall market research.
- Created spreadsheets and collected data of potential clients and contacted with a respective employee to talk about their organization and closing deals.
- Did research and found out market competitors on MicroFibre Clothing comparing their price and quality with our product.
- Finally made reports on both products connected my organization with their to talk about leads and also researched about the market for future product improvement.

Junior Java Developer | CodeAlpha, Delhi, India| Jan 2026 – Mar 2026

- Worked on a project on backend part related to Hotel Reservation System.
- Created a Stock Trading Platform enabling the best interface for stock exchange.
- Made a portal for students to check their Grades.

Projects

[Study Buddy] | [Tech stack: HTML, CSS, JavaScript | https://github.com/Naqib2003/study-buddy | https://study-buddy-topaz-alpha.vercel.app/

- StudyBuddy - Student Productivity & Focus WebApp
- A lightweight, zero-login, client-side productivity hub built for students. Features a full To-Do Task Manager, Pomodoro & Chess Clock Style Study/Rest Timer and an Academic Deadline Calendar with audio and visual reminder alerts.

DevPathways| Tech stack: HTML, CSS| https://github.com/Naqib2003/DevPathways | https://dev-pathways-fq2vdz08c-naqib3.vercel.app/

- DevPathways · Interactive Developer Roadmaps & Free Curated Resources
- DevPathways is a modern, responsive, zero-dependency developer roadmap application. It provides structured learning paths across major software engineering, web development, cloud, DevOps, security, and AI disciplines.

Research and Publications

Representation Aware Unlearning in LLM | Naqib, Q. Adib, F. | Ongoing Publication

- Venue or status: In progress
- Investigating mechanistic approaches to selectively unlearn sensitive representations and memorized facts in transformer models without degrading downstream task capabilities.

Certifications

- EF SET English Certificate – EF SET – C1 Advanced – Oct 2026
- AI+ Prompt Engineer Level 1 – AI CERTS – Score: 84/100 – Jun 2025

Leadership and Extracurricular Activities

Executive, HR Department | BRAC University Computer Club (BUCC) | Jun 2025 - Present

- Currently working in the Human Resource Department of BUCC, focusing on organizing events, managing member engagement, and maintaining effective communication within the club.
- Actively contributing to club activities and developing skills in teamwork, planning, and communication.

Volunteering

Campus Ambassador & Volunteer Teacher | Bangladesh Justice & Rights Foundation | Aug 2026 – Present.
